Amendment filed on 4/21/03 by Applicant will be entered for purposes of Appeal only. This amendment is a matter of right as Applicant has not added new matter. However, without the addition of new matter claims submitted by Applicant are not in condition for allowance, as they do not overcome the art rejection set forth by Examiner in the final rejection filed on 2/21/03.

Applicant claims that the art does not teach a search based on an event data. Examiner directs Applicant to the teachings of Gottsman et al. of an intentions database. Column 33, lines 15-25 states the Intention Database stores all the information about the structure of the intention and the types of products and services needed to fulfill the intention. Examiner notes that products and services required to fulfill this intention would include an event date.
